Carpentry / Cabinetmaking Hays Campus

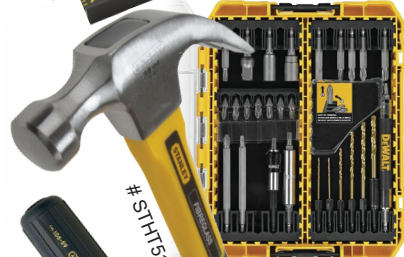

S&W SUPPLY

For years S&W Supply has been offering extensive Technical College tool programs. With our program, students are eligible to receive significant educational discounts off of retail pricing on the brand name tools you can trust. Our vast line of suppliers give us more options to choose from when completing your tool list. S&W Supply's goal is to offer you an excellent quality tool, from a well-know manufacturer, who will stand behind that tool no matter where your new career has you living. Please review the minimum required tool list below supplied to S&W Supply by NCK Technical College. If you have some items and don't wish to repurchase them, we will be happy to revise the quote for you. S&W Supply looks forward to working with you.

UPGRADE COST:

\$16.86

HOW DO I PLACE AN ORDER ? - This set can be purchased from any of our (9) S&W Supply stores. A 25% down payment gets the order process started. We accept credit cards, debit cards, check and cash. The remaining balance is due upon delivery.

WHAT IF I HAVE SOME TOOLS ALREADY ? - If you have some tools and don't wish to repurchase them, simply use the 'HAVE' column to mark or indicate those tools you wish to omit. Based on that information we will be happy to provide you with a custom quote.

HOW LONG DOES IT TAKE ? - It is best to get your order in early. Many items are in-stock but fluctuates depending on demand. Therefore merchandise availability is subject to manufacturer's scheduled delivery. This may cause additional delay beyond our control.

HOW DO I TAKE DELIVERY OF MY TOOLS ? - We feel preparing for school is stressful enough so we deliver your tool set directly to the classroom. We do not charge for this service. Other arrangements can be made upon request.

CONTINUED ----- PAGE 2 OF 3

This tool list was supplied to S&W Supply by NCK Technical College. The products selection was prepared in advance, therefore merchandise availability is subject to manufacturer's scheduled delivery. Not responsible for typographical errors or omissions. Due to market fluctuations, tariffs and the rising steel price uncertainty beyond our control, S&W SUPPLY reserves the right to implement a Force Majeure and change, delete, or otherwise modify the bid information and pricing which is represented here without any prior notice. WARRANTY SERVICE: is available from S&W Supply or direct from manufacturer in most cases. Products are covered under various warranty periods. All new tools and equipment is warranted only to the extent that said tool or equipment is warranted by the manufacturer. Items will be evaluated and those accepted under warranty will be replaced. Due to product changes, S&W Supply also reserves the right to discontinue the availability of any products at any time.

ATOMIC COMPACT SERIES

WHERE SIZE MEETS POWER

The new ATOMIC Compact Series tools are optimized for tight spaces, overhead work, and long periods of use increasing comfort, balance, and tool control.

15 Clutch Settings

For Precision Control

2 Speed Settings

0-450 & 0-1650 RPM

BRUSHLESS MOTOR

ATOMIC DRILL/DRIVERS - are extremely compact at 6.3" in length and only 2.8 lbs with battery. This puts it into Dewalt's 12 volt size and weight territory but all the while utilizing the more popular 20V batteries. Has Dewalt's efficient brushless motor which means longer runtime and the variable speed trigger delivers improved control. Plus you add 1/2" ratcheting keyless chuck plus an LED foot light for superior visibility, and you have a heck of a tool for the price.

BRUSHLESS

20V MAX Cordless 2 Tool Combo Kit

DCK278C2 Includes:

(1) #DCF809B ~ ATOMIC Brushless 1/4" hex driver with quick release chuck. Delivers up to 1,700 in/lbs of torque and 3,200 impacts per minute. Has three LED lights evenly spaced around the chuck for superior visibility.

(1) #DCD708B ~ ATOMIC Brushless extremely compact drill / driver with 1/2" ratcheting chuck with 15 clutch settings. Has 2 speed settings (0-450 / 0-1,650 RPM) & variable speed trigger that deliver precision and control. LED foot light for superior visibility

(2) 20V MAX* 1.3 Ah slim-pack lithium-ion battery packs - (1) household fast charger - (1) contractor bag.

1.3 Ah Li-Ion BATTERIES

STUDENT COST: \$254⁹⁵

20V MAX LITHIUM ION

ATOMIC HEX SHANK IMPACT DRIVER

Now lets talk about

Dewalt's new Atomic impact driver. It measures just 5.1" front to back and lightweight at only 2.1 lbs. Has Dewalt's efficient brushless motor which means longer runtime between charges. Oh yeah don't forget the variable speed trigger, three evenly spaced LED lights on the nose for visibility, and huge amount of torque (1700 in/lbs) supplied from this little guy.
